Experience

Lab Assistant
Utah Valley University

Nov 2021 - Current
📍 Orem

Responsible for overseeing the Digital Media labs and equipment, devised enhancements for lab functionality, provided support to students, and effectively managed the department's inventory.

- Worked on documentation that served as tutorials for lab equipment.
- Successfully developed and implemented a realtime device testing wall.

Student — Web App Developer
Utah Valley University

July 2021 - Current
📍 Orem

Leading the development and design of an inventory management system for the Digital Media Department and College of Engineering & Technology. Having success in the project, I was given a team of developers and designers to design and develop the project.

- Developed a prototype application using NextJS and AWS services.
- Managed two teams for the design and development of the project.

Education

Web Design & App Development BS
Utah Valley University - Orem, UT

2019 - Est. Dec 2023
3.84 GPA

- College of Science Student Excellence Award Recipient 2022 - 2023
- Deans List 2021 - 2023
